## FEATURES & BENEFITS

### Two in one convenience

This 60cm model fits into a standard space and does the work of a washer and dryer combined - offering a complete laundry solution.

### Complete fabric care

Designed to care for every type of fabric with specialised cycles. The option of low-temperature drying helps prevent fabric damage, and a reverse-tumble drying action minimises tangling.

### Add a Garment

Add a Garment allows you to pause your wash cycle, add or remove an item, then carry on washing.

### Hot spin technology

Hot spin technology reduces moisture content to speed up the drying process - saving time and energy.

### Quick cycle times

Wash and dry an average load in three hours or less.

### Easy installation

All that's required is a cold water inlet, a drain and power - no venting required.
